

Premium Dual Voltage

Industry-leading 140 lumens per watt!

DISCOVER THE ADVANTAGE OF OUR ULTRA-LIGHT, ULTRA-BRIGHT FLOODS

Effortless mobility, brilliant illumination

Our range of floodlights are a versatile and powerful solution for most of your lighting needs, indoors and out! Designed to provide exceptional mobility, allowing you to easily position them wherever you require.

The floodlights feature a unique design, helping them to stay lightweight, yet incredibly strong. Our 400W floodlights weigh **under 4kg**, showing that even the largest floods can keep a low profile. Despite their compact and lightweight build, they excel in providing a well-illuminated environment.

Specification

Wattage : 50W, 100W, 200W, 400W

IP Rating: IP65

Material: Tempered glass + IK08 rated die-cast aluminum.

Voltage: Dual Voltage (110V/230V)

Colour Temp: 5500K

Luminous Efficacy: 140 lumens per watt (lm/W)

Brand: LUMILED chips

Beam Angle: 120°

Warranty: 3 year warranty.

So, how **light** are they?

Our floodlights are super light-weight and still pack-a-punch. Below, you can see a table listing the weight for each of our floodlights.

WATTAGE	WEIGHT (KG)
50W	0.80KG
100W	1.18KG
200W	2.16KG
400W	3.86KG

Robust and durable: IP65 Rated

Crafted from IK08 die-cast aluminum with tempered glass, versatile 350° mounting bracket and IP65 rating, our floodlights are perfectly suited for various applications. Whether its construction sites, outdoor festivals and events, or illuminating vast spaces like car parks or sports pitches, they're designed to excel.

Technical Specification

Wattage	Lumen Output	Power Factor	RA	Dimensions (HxWxD)mm
50W	6,000lm	0.9	>80	228 x 205 x 29
100W	12,000lm	0.9	>80	284 x 253 x 31
200W	24,000lm	0.9	>80	338 x 297 x 33
400W	48,000lm	0.9	>80	494 x 399 x 41
