NEED IT IN A HURRY?

Same or next day nationwide delivery or instant collection

### Powerdrops

Eco-friendly with a fully recyclable design featuring 16A sockets/couplers spaced at 5m or 10m spacings.

- All wired and tested right here in the UK
- Innovative, recyclable powerdrop for cost reduction.
- Cut and return cable for easy rewiring into new powerdrops at EW Group.
- Plastic quarter turn screws for simplified access.
- We can arrange collection to remake and deliver it back within a week.
- Ideal for large construction sites, and can be suspended minimizing trip hazards.
- Suitable for various applications, including power tools and lights.
- Options for 5m or 10m spacings of 2.5mm arctic cable.
- Choice of 1.5mm yellow arctic cable drop lengths.
- Standard 100m lengths, with 50m bags available on request.
- Single 16A 110V twist-to-lock socket on each drop.

BECAUSE WE MAKE OUR PRODUCTS IN THE UK, BESPOKE POWERDROPS AVAILABLE WITH DIFFERENT SPACING AND DROP LENGTHS ON REQUEST WITH SURPRISINGLY SHORT LEAD TIMES...
